

Encourage Ongoing Critical Thinking

- ✓ Is my online activity, hurtful, rude, dangerous or harmful?
- ✓ Would I want a parent, guardian, grandparent or trusted adult to see my online content?
- ✓ Would I want someone to treat me this way?
- ✓ What are the consequences of what I post?
- ✓ What is the difference between writing secrets in a diary versus online?
- ✓ What's my digital story? What reputation am I building for myself?
- ✓ How will online content affect my future education, employment, military involvement or relationships?
- ✓ What are my responsibilities as a digital citizen to keep the digital world safe and violence free?
- ✓ What is my responsibility if I see violence?
- ✓ How do I know this person? Family, friend, acquaintance or stranger?
- ✓ How do the qualities of my real life friends compare to those of my online friends?
